Important Notice

NOT FOR RELEASE, PUBLICATION OR DISTRIBUTION, IN WHOLE OR IN PART, IN, INTO OR FROM ANY JURISDICTION WHERE TO DO SO WOULD CONSTITUTE A VIOLATION OF THE RELEVANT LAWS OF THAT JURISDICTION. THIS PRESENTATION SHALL NOT CONSTITUTE AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY SECURITIES IN ANY JURISDICTION, INCLUDING IN THE UNITED STATES OR ELSEWHERE.

This presentation should be read in conjunction with the joint announcements released by Mapletree Commercial Trust ("MCT") and Mapletree North Asia Commercial Trust ("MNACT") on 31 December 2021, 28 January 2022 and 21 March 2022 (in relation to the proposed merger of MCT and MNACT) (the "Joint Announcements"), the announcements released by MCT on 31 December 2021, 21 March 2022 and 29 April 2022 (in relation to the proposed merger of MCT and MNACT) (together with the Joint Announcements, the "Announcements"), as well as the circular dated 29 April 2022 issued by MCT to unitholders of MCT ("MCT Unitholders") (in relation to the proposed merger of MCT and MNACT) (the "Circular") and the scheme document dated 29 April 2022 issued by MNACT (in relation to the proposed merger of MCT and MNACT) (the "Scheme Document"). A copy of each of the Announcements, the Circular and the Scheme Document is available on <http://www.sgx.com>.

This presentation is for information purposes only and does not have regard to your specific investment objectives, financial situation or your particular needs. Any information in this presentation is not to be construed as investment or financial advice and does not constitute an invitation, offer or solicitation of any offer to acquire, purchase or subscribe for units in MCT ("MCT Units"). The value of MCT Units and the income derived from them, if any, may fall or rise. The MCT Units are not obligations of, deposits in, or guaranteed by, Mapletree Commercial Trust Management Ltd. (the "MCT Manager"), DBS Trustee Limited (as trustee of MCT) (the "MCT Trustee") or any of their respective related corporations or affiliates. An investment in the MCT Units is subject to investment risks, including the possible loss of the principal amount invested.

The past performance of MCT and the MCT Manager is not necessarily indicative of the future performance of MCT and the MCT Manager.

Certain statements in this presentation may constitute "forward-looking statements", including forward-looking financial information. Such forward-looking statements and financial information involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of MCT or the MCT Manager, or industry results, to be materially different from any future results, performance or achievements, expressed or implied by such forward-looking statements and financial information. Such forward-looking statements and financial information are based on numerous assumptions regarding the MCT Manager's present and future business strategies and the environment in which MCT or the MCT Manager will operate in the future. Actual future performance, outcomes and results may differ materially from these forward-looking statements and financial information. Because these statements and financial information reflect the MCT Manager's current views concerning future events, these statements and financial information necessarily involve risks, uncertainties and assumptions. These forward-looking statements speak only as at the date of this presentation. No assurance can be given that future events will occur, that projections will be achieved, or that assumptions are correct.

Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income, changes in operating expenses (including employee wages, benefits and training costs), property expenses and governmental and public policy changes. You are cautioned not to place undue reliance on these forward-looking statements, which are based on the MCT Manager's current view of future events. None of MCT, the MCT Trustee, the MCT Manager and the financial adviser of the MCT Manager undertakes any obligation to update publicly or revise any forward-looking statements.

This presentation includes market and industry data and forecast that have been obtained from internal survey, reports and studies, where appropriate, as well as market research, publicly available information and industry publications. Industry publications, surveys and forecasts generally state that the information they contain has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy or completeness of such included information. While the MCT Manager has taken reasonable steps to ensure that the information is extracted accurately and in its proper context, the MCT Manager has not independently verified any of the data from third party sources or ascertained the underlying economic assumptions relied upon therein.

Investors have no right to request the MCT Manager to redeem or purchase their MCT Units for so long as the MCT Units are listed on Singapore Exchange Securities Trading Limited ("SGX-ST"). It is intended that holders of MCT Units may only deal in their MCT Units through trading on SGX-ST. Listing of the MCT Units on SGX-ST does not guarantee a liquid market for the MCT Units.

The information and opinions contained in this presentation are subject to change without notice.

The directors of the MCT Manager (including those who may have delegated detailed supervision of this presentation) have taken all reasonable care to ensure that the facts stated and opinions expressed in this presentation which relate to MCT and/or the MCT Manager (excluding those relating to the Sponsor, MNACT and/or the MNACT Manager) are fair and accurate and that there are no other material facts not contained in this presentation the omission of which would make any statement in this presentation misleading. The directors of the MCT Manager jointly and severally accept responsibility accordingly.

Where any information has been extracted or reproduced from published or otherwise publicly available sources or obtained from the Sponsor, MNACT and/or the MNACT Manager, the sole responsibility of the directors of the MCT Manager has been to ensure through reasonable enquiries that such information is accurately extracted from such sources or, as the case may be, reflected or reproduced in this presentation. The directors of the MCT Manager do not accept any responsibility for any information relating to the Sponsor, MNACT and/or the MNACT Manager or any opinion expressed by the Sponsor, MNACT and/or the MNACT Manager.

This presentation has not been reviewed by the Monetary Authority of Singapore.

The presentation is qualified in its entirety by, and should be read in conjunction with, the full text of the Announcements, the Circular and the Scheme Document. In the event of any inconsistency or conflict between, on the one hand, the Announcements, the Circular and the Scheme Document, and on the other hand, the information contained in this presentation, the Announcements, the Circular and the Scheme Document shall prevail. All capitalised terms not defined in this presentation shall have the meaning ascribed to them in the Announcements, the Circular and the Scheme Document.

Notes: Merged Entity refers to the enlarged flagship diversified commercial REIT (the "Merged Entity") in respect of the Merger of MCT and MNACT.

1. Total NLA of 5.0 million sq ft from MCT and 5.9 million sq ft from MNACT respectively. Total NLA value may not add up to 11.0 million sq ft due to rounding differences.

2. Net Lettable Area ("NLA").

3. Occupancy for the Merged Entity refers to the committed occupancy as at 31 March 2022 and is calculated on a pro forma basis.

4. Weighted Average Lease Expiry ("WALE") by Gross Rental Income ("GRI") for the Merged Entity is based on the committed lease expiry dates (leases which have been renewed or re-let as at 31 March 2022) and GRI, calculated on a pro forma basis, as at 31 March 2022.

5. As at 31 March 2022, on a historical pro forma basis. This assumes all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration or the Cash-Only Consideration. Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the aggregate leverage is 37.5%.

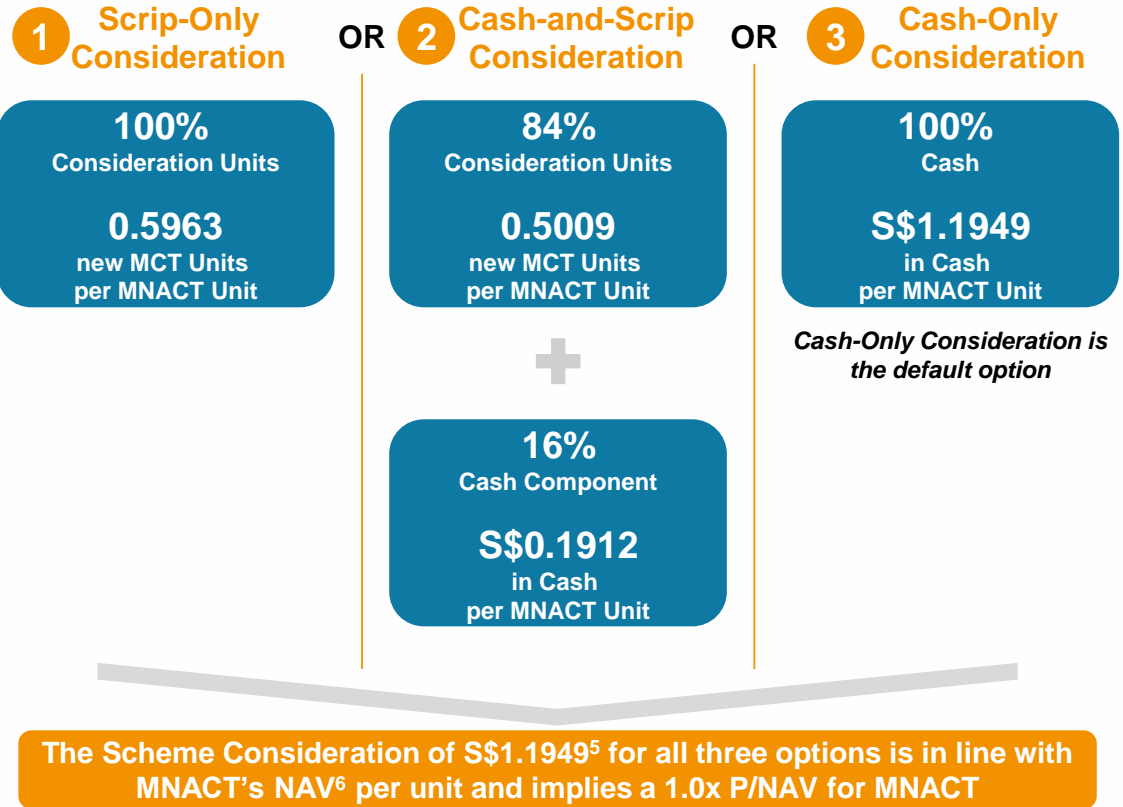

6. Assets under Management ("AUM") based on the MCT 2022 Independent Valuations and the independent full valuations commissioned by MNACT Manager and the MNACT Trustee as at 31 March 2022. Total percentage values may not add up to 100% due to rounding differences.

Three Scheme Consideration options for MNACT Unitholders

MIPL¹, as Sponsor of both MCT and MNACT, has elected to receive the Scrip-only Consideration

Scheme Consideration Options

Transaction Structure	<ul style="list-style-type: none"> Merger to be effected through the acquisition by MCT of all the issued and paid-up units of MNACT held by MNACT Unitholders by way of a trust scheme of arrangement (“Trust Scheme”)
Key Highlights	<ul style="list-style-type: none"> Unitholders of MCT (“MCT Unitholders”) and MNACT to benefit from the creation of an enlarged flagship diversified commercial REIT with stability and scale Flexibility for MNACT Unitholders to elect the Scheme Consideration option that is most suited for their investment needs 6.8%² accretion for FY21/22 Pro Forma DPU and 7.1%³ accretion for FY21/22 Pro Forma NAV (ex-distribution) to MCT Unitholders
Permitted Distributions	<ul style="list-style-type: none"> MCT Manager and MNACT Manager shall be entitled to declare, pay or make distributions in the ordinary course of business (“Permitted Distributions”)⁴ without any adjustments to the Scheme Consideration MCT Unitholders and MNACT Unitholders to continue receiving Permitted Distributions up to the day immediately before the Effective Date

Notes:

- Mapletree Investments Pte Ltd (“MIPL”, or the “Sponsor”), as sponsor of MCT and MNACT, has provided an undertaking to elect to receive the Scrip-Only Consideration in respect of all its MNACT Units.
- This assumes all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration. Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Merged Entity’s pro forma FY21/22 DPU accretion is 4.3%. For further details and assumptions, please refer to Paragraphs 10.1 and 10.2 of the Circular.
- This assumes all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration. Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Merged Entity’s pro forma FY21/22 NAV per unit (ex-distribution) accretion as at 31 March 2022 is 7.1%. For further details and assumptions, please refer to Paragraphs 10.1 and 10.2 of the Circular.
- MNACT Unitholders and MCT Unitholders shall be entitled to receive and retain any permitted distributions declared by the respective managers in the ordinary course of business in respect of the period from 1 April 2021 (in the case of MNACT) or 1 October 2021 (in the case of MCT), up to the day immediately before the date on which the Trust Scheme becomes effective in accordance with its terms (“Effective Date”).
- The implied value of the Scrip-Only Consideration and the implied value of the Cash-and-Scrip Consideration of S\$1.1949 is computed by multiplying the illustrative value of one new MCT Unit at the Scheme Issue Price of S\$2.0039, which is determined by reference to the 1-day VWAP per MCT Unit as at the Last Trading Day (i) by 0.5963x under the Scrip-Only Consideration or (ii) by 0.5009x, plus the cash component of the Cash-and-Scrip Consideration of S\$0.1912. The Scheme Issue Price of S\$2.0039 per Consideration Unit may not be equivalent to the market price of, nor reflective of the fair value of, the Consideration Units as at the Effective Date and/or the Scheme Settlement Date. Each Consideration Unit may, depending on changing market conditions and sentiments, trade above or below the Scheme Issue Price of each Consideration Unit of S\$2.0039.
- Based on MNACT’s NAV per unit as at 30 September 2021 and applying the following adjustments: (i) excludes MNACT’s reported 1H FY21/22 DPU of 3.426 Singapore cents paid on 24 December 2021; and (ii) assumes that the full valuation of MNACT’s investment properties and joint venture held as at 30 September 2021 is based on the valuation of the MNACT Properties as at 31 October 2021 as announced on 31 December 2021.

Preferential Offering by MCT to Fund Additional Cash Requirement

MIPL, the Sponsor of MCT and MNACT, has undertaken to subscribe for the Maximum Preferential Offering Units of up to S\$2.2 billion in support of the Merger (“MIPL Undertaking”)

Amount¹ and Use of Proceeds	Up to S\$2.2 billion to finance the additional cash requirement arising from the introduction of the alternative Cash-Only Consideration
Issue Price Under the Preferential Offering	S\$2.0039 (based on the same Scheme Issue Price, being the 1-day VWAP per MCT Unit as at the Last Trading Day)
Maximum Preferential Offering Units	Up to 1,094 million
Application Period for MCT Unitholders	Thursday, 28 July 2022 to Friday, 5 August 2022
Voluntary Lock-up by Sponsor	Sponsor has agreed to a voluntary 6-month lock-up of the unitholdings ² of the MIPL Entities in the Merged Entity following the completion of the Trust Scheme or the Preferential Offering (whichever is earlier)
Conditions of the Preferential Offering	<ul style="list-style-type: none">• The approval of the requisite resolutions in relation to the Merger by the MCT Unitholders and the MNACT Unitholders• The approval of the Revised Whitewash Resolution by the MCT Unitholders³• The SGX-ST's approval-in-principle for the listing and quotation of the Preferential Offering Units⁴• The elections for the Scheme Consideration made by the MNACT Unitholders in relation to the Trust Scheme results in the cash component payable by MCT exceeding S\$417.3 million in aggregate• The sanction of the Trust Scheme by the Court

Notes: For further information, please refer to Paragraph 1.4 of the Circular

1. Whether the Preferential Offering will be undertaken, as well as the size of the Preferential Offering, will be determined based on the results of the election by MNACT Unitholders for the different forms of the Scheme Consideration pursuant to the Trust Scheme.
2. Sponsor's resultant stake in MPACT could range from 34.76% to 57.09%. Please refer to paragraph 8.2.2 of the Circular for details.
3. On 18 March 2022, the SIC confirmed that each of the existing Whitewash Waiver and the Whitewash Resolution may be extended to include the waiver of the mandatory offer obligation which would arise from the MIPL Entities' acquisition of the Preferential Offering Units (such expanded Whitewash Waiver and the Whitewash Resolution, the "Revised Whitewash Waiver" and the "Revised Whitewash Resolution" respectively).
4. Approval-in-principle has been obtained on 25 April 2022 from the SGX-ST for the listing and quotation of up to 2,114 million Consideration Units and up to 1,094 million Preferential Offering Units on the Main Board of the SGX-ST. The SGX-ST's in-principle approval is not to be taken as an indication of the merits of the Merger, the Consideration Units, the Preferential Offering, the Preferential Offering Units, MCT and/or its subsidiaries.

**Merged Entity will be named Mapletree Pan Asia Commercial Trust (“MPACT”)
Investment mandate will encompass key gateway markets of Asia**

Merged Entity’s Investment Mandate

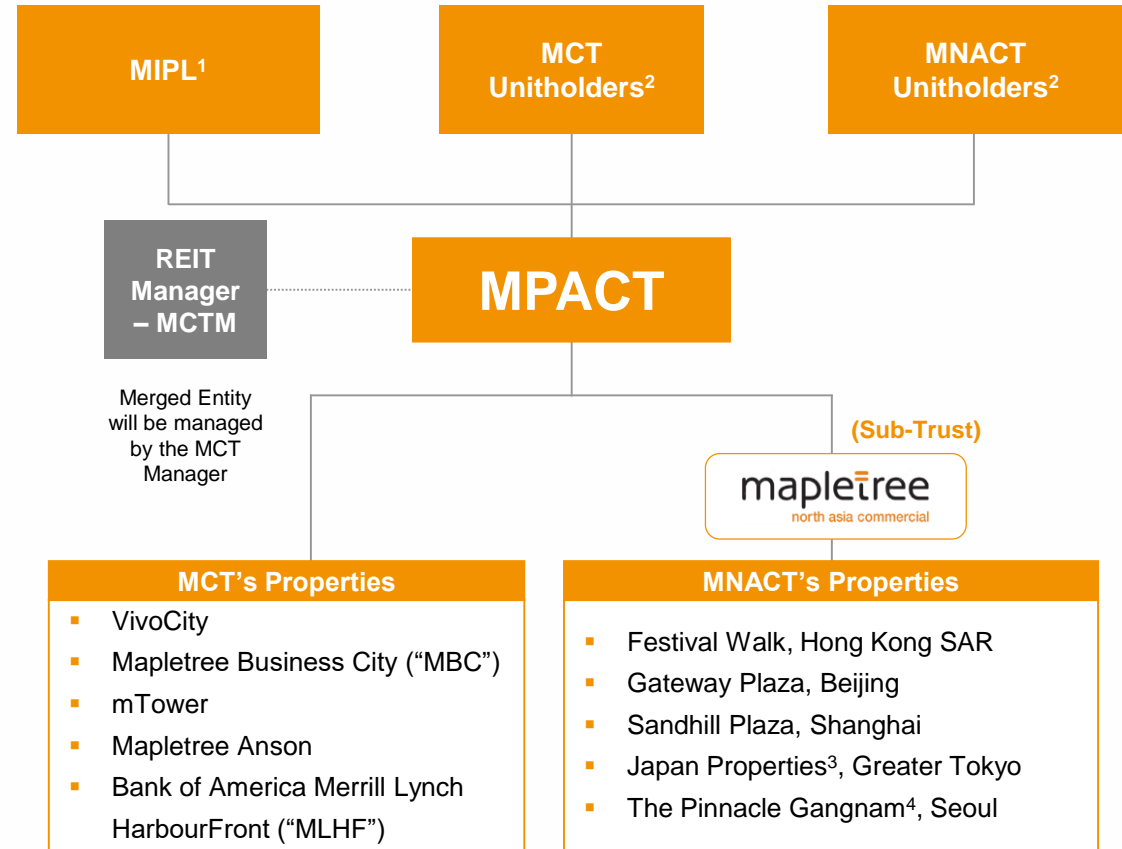

Diversified portfolio of income-producing real estate used primarily for office and/or retail purposes, as well as real estate-related assets

Expanded geographic scope to key gateway markets of Asia including but not limited to Singapore, China, Hong Kong SAR, Japan and South Korea

Merged Entity’s Structure

Notes:

1. Before Merger, as at 20 April 2022, being the latest practicable date prior to the date of this presentation (the “Latest Practicable Date”), the MIPL Entities held 32.61% interest (including indirect interest) in MCT, and 38.14% interest (including indirect interest) in MNACT.
2. Before Merger, as at the Latest Practicable Date, unitholders (excluding the MIPL Entities) held 67.39% interest in MCT, and 61.86% interest in MNACT.
3. MNACT’s Japan properties comprise IXINAL Monzen-nakacho Building, Higashi-nihonbashi 1-chome Building, TS Ikebukuro Building, Omori Prime Building, Hewlett-Packard Japan Headquarters Building (“HPB”), ABAS Shin-Yokohama Building, SII Makuhari Building, Fujitsu Makuhari Building, and mBAY POINT Makuhari (collectively the “Japan Properties”).
4. MNACT’s effective interest in The Pinnacle Gangnam (“TPG”) is 50.0%.

Strong Commitment from Sponsor and Alignment with Unitholders

MIPL, as Sponsor of MCT and MNACT, demonstrates its conviction and support for the Merger and the Trust Scheme as well as its confidence in the long term value and articulated strategy of the Merged Entity

1

Sponsor has undertaken to subscribe for the maximum number of Preferential Offering Units offered under the Preferential Offering ("Maximum Preferential Offering Units") of up to S\$2.2 billion at the issue price of S\$2.0039¹ per MCT Unit. This will satisfy the additional cash requirement for the Cash-Only Consideration with no incremental debt financing and no increase in the maximum number of new MCT Units to be issued

2

Sponsor's undertaking to receive 100% Scrip-Only Consideration remains unchanged

3

Sponsor has agreed to a voluntary 6-month lock-up of its unitholdings in the Merged Entity²
Sponsor's resultant stake in MPACT could range from 34.76%³ to 57.09%⁴, representing its conviction in the Merged Entity

4

Sponsor continues to support the MCT Manager's agreement to waive its acquisition fee entitlement

5

Sponsor supports the adoption of REIT management fee structure pegged to distributable income and DPU growth, which will promote closer alignment of interests with unitholders

Notes:

1. The issue price of S\$2.0039 per MCT Unit under the Preferential Offering is the same as the Scheme Issue Price of each Consideration Unit of S\$2.0039 (being the 1-day VWAP per MCT Unit as at the Last Trading Day).
2. The lock-up period commences from the earlier of the date of completion of the Trust Scheme and the date of completion of the Preferential Offering until the date falling six (6) months after such date.
3. Based on an aggregate of 5,427,244,574 units in the Merged Entity, assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration. This figure does not take into consideration any fees that may be payable in MCT Units or MNACT Units to the MCT Manager, the MNACT Manager or MNAPML (in its capacity as property manager of the MNACT Properties) prior to the Record Date.
4. Based on an aggregate of 5,218,993,868 units in the Merged Entity, assuming all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-Only Consideration and the relevant MIPL Entities subscribe for the Maximum Preferential Offering Units. This figure does not take into consideration any fees that may be payable in MCT Units or MNACT Units to the MCT Manager, the MNACT Manager or MNAPML (in its capacity as property manager of the MNACT Properties) prior to the Preferential Offering Record Date.

Resolution on New Management Fee Structure to be Tabled and Considered Independently of the Merits of the Merger

FY21/22	MCT (based on MCT's current fee structure)	MPACT Pro forma basis	
		Assuming MPACT continues to apply MCT's current fee structure	Based on the proposed new fee structure
Manager's base fee (S\$m)	22.2	43.6	56.8 ³ – 57.4 ⁴
Manager's performance fee (S\$m)	15.5	28.6	2.8 ⁴ – 6.4 ³
Total (S\$m)	37.8	72.2	60.3⁴ – 63.2³
Total assets (S\$m)	8,984.5	17,440.6	17,440.6
Total management fee as a % of total assets	0.42%	0.41%	0.35%⁴ – 0.36%³

Proposed new management fee structure results in **lower management fees** in the Merged Entity as a percentage of total assets. This is in spite of a Merger that is expected to deliver between **4.3% to 6.8% of accretion to DPU**

Supports growth of the Merged Entity and promotes **closer alignment of interests** with the unitholders of the Merged Entity

Management fee structure pegged to distributable income and DPU growth first introduced by MNACT in its 2013 IPO and has since been **widely adopted by other S-REITs**

Notes: Percentage values may not add up due to rounding differences.

1. The Merged Entity's base fees will be 10.0% of the distributable income (calculated before accounting for the base fee and performance fee).
2. The Merged Entity's performance fees will be 25.0% of the difference in DPU in a financial year with the DPU in the preceding financial year (calculated before accounting for the performance fee, but after accounting for the base fee in each financial year), multiplied by the weighted average number of the Merged Entity's units in issue for such financial year.
3. Assuming all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration.
4. Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration.

- The Merged Entity's free float excludes units that would be held by the Sponsor through its various subsidiaries and associates. The Merged Entity's free float is computed based on 3,332.7 million free float units multiplied by the Scheme Issue Price of S\$2.0039 per unit, assuming all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration. The Merged Entity's free float is computed based on 3,540.9 million free float units multiplied by the Scheme Issue Price of S\$2.0039 per unit, assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration. The Merged Entity's free float is computed based on 2,239.6 million free float units multiplied by the Scheme Issue Price of S\$2.0039 per unit, assuming all MNACT Unitholders elect to receive the Cash-Only Consideration.
- Based on the top 10 S-REITs by free float market capitalisation (excluding the Merged Entity) as at the Last Trading Day. Top 10 REITs by free float market cap: Ascendas Real Estate Investment Trust ("AREIT"), CapitaLand Integrated Commercial Trust ("CICT"), Mapletree Logistics Trust ("MLT"), Mapletree Industrial Trust ("MIT"), MCT, Frasers Logistics & Commercial Trust, Frasers Centrepoint Trust, Keppel DC REIT, MNACT and Keppel REIT. Free float calculated as total units excluding sponsor-held units.

Notes:

1. Debt funding capacity based on the aggregate leverage limit of 50.0% as permitted by the Property Funds Appendix.
2. Debt funding capacity assumes that an additional S\$237.9 million of Acquisition Debt was drawn down on 1 April 2021 to partially fund the cash component of the Scheme Consideration and the transaction costs of the Merger, assuming MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration. References to “transaction costs”, where applicable, means the upfront financing costs, professional and other fees and expenses incurred or to be incurred in connection with the Merger and if undertaken, the Preferential Offering. Please refer to Paragraph 5.11 of the Circular for more information.
3. Aggregate leverage ratio for MCT and MNACT as at 31 March 2022 as announced on 20 April 2022 and 19 April 2022 respectively.
4. Development headroom calculated based on 10.0% of the deposited property of MCT, MNACT and the Merged Entity respectively, with the deposited property of the Merged Entity based off the pro forma aggregate deposited property of MCT and MNACT. MCT and MNACT’s AUM as at 31 March 2022 were used as proxy for the deposited property.

Singapore
Core and Stability

- Will remain a core market to provide underlying portfolio stability

South Korea
Step-Up and Grow

- Favourable market dynamics makes it primed for targeted expansion

Hong Kong SAR
Recovery

- Focus on the stabilisation and improvement of Festival Walk before considering further expansion

Japan
Rebalance

- Capitalise on opportunities to recycle capital

China
Harvest and Grow

- Focus on maintaining high occupancy levels and seeking opportunistic acquisitions in office and office-like business park assets

Drive NPI and DPU growth through cross-pollination of teams and active asset management while capitalising on market recovery

Unlock value through selective strategic divestments at an opportune time

Focus on accretive acquisitions of office and office-like business park assets in key gateway cities, anchored by tenants in high growth sectors and leveraging on the enlarged balance sheet and enhanced financial flexibility

Making a positive impact to our stakeholders and the environment while delivering long-term value

Where we are now

Our journey forward

Overall ESG Approach

- Aligned to United Nations Sustainable Development Goals
- Monitors performance on material Environmental, Social, and Governance (“ESG”) issues against annual targets

- Incorporating wider ESG issues into policies and business strategies
- Increasing engagement with key stakeholders on ESG issues

Greening our Portfolio

- Green building certifications for assets across the enlarged portfolio
- Improved energy efficiencies and reduced reliance on non-renewables over the years

- Roadmap to meet more stringent green building certifications (e.g. Super Low Energy ratings)
- Pursue bolder initiatives to reduce whole life carbon footprint, improve building intelligence sustainability
- Potential acquisitions of green-certified assets

Reporting Standards

- Sustainability reporting in accordance to Global Reporting Initiative (“GRI”) Standards: Core option
- Maiden participation in GRESB¹ in 2021

- Continued participation in GRESB with scoring to be published in 2022 and alignment to TCFD², providing a robust global benchmark for sustainability performance

Green Financing

- Secured more than S\$1.7bn of green loans and sustainable financing to date

- Secure more green financing to fund the portfolio's environmentally sustainable projects

Underpinned by four ESG pillars

Business Resilience

Responsible Business Practices

Engaging People and Communities

A Greener Environment

Notes:

1. GRESB is an investor-driven organisation committed to assessing the ESG performance of real assets globally. The GRESB Real Estate Assessment provides the basis for systematic reporting, scoring and peer benchmarking of ESG management and performance of property companies and funds around the world.
2. Task Force on Climate-related Financial Disclosures (“TCFD”) was established to develop recommendations for more effective climate-related disclosures and, in turn, enable stakeholders to understand better the companies' exposures to climate-related risks.

D. Required Approvals

Unitholders' Approvals Required for MCT

The Merger is conditional on the MCT Unitholders' approval of Resolutions 1, 2 and 3 Resolution 4 is not a condition for the Merger to proceed

Approvals	Requirements	Parties to abstain
<u>At the MCT EGM</u>		
1 Proposed Merger of MCT and MNACT by way of a trust scheme of arrangement (Ordinary Resolution)	<ul style="list-style-type: none"> More than 50% of the total number of votes cast Based on the number of MCT Units held by MCT Unitholders present and voting by proxy at the EGM 	<ul style="list-style-type: none"> The Sponsor and its associates¹, including the MIPL Entities which in aggregate hold 32.61% of the total MCT Units in issue, will abstain from voting on Resolution 1, 2 and 4 The Sponsor and its concert parties, and parties not independent of them, including the MIPL Entities which in aggregate hold 32.61% of the total MCT Units in issue, will abstain from voting on Resolution 3 For good corporate governance, non-independent directors will also abstain from voting on all resolutions
2 Proposed allotment and issuance of units of MCT to the holders of units in MNACT as full or part of the consideration for the Merger (Ordinary Resolution)	<ul style="list-style-type: none"> More than 50% of the total number of votes cast Based on the number of MCT Units held by MCT Unitholders present and voting by proxy at the EGM 	
3 Proposed Whitewash Resolution in relation to the Concert Party Group (Ordinary Resolution)	<ul style="list-style-type: none"> More than 50% of the total number of votes cast Based on the number of MCT Units held by MCT Unitholders present and voting by proxy at the EGM

In the event that Resolutions 1, 2 and 3 are passed but Resolution 4 is not passed, the MCT Manager will proceed with the Merger on satisfaction and/or waiver of all Conditions and MCT's existing fee structure will continue to apply to the Merged Entity, if the Trust Scheme becomes effective in accordance with its terms.

In the event any one of Resolutions 1, 2 or 3 is not passed but Resolution 4 is passed, the MCT Trust Deed Amendments will not be adopted and MCT's existing fee structure will continue to apply to MCT.

Note:

1. For the purposes of Chapter 9 of the Listing Manual and Paragraph 5 of the Property Funds Appendix, each of Temasek, Fullerton and MIPL are "interested persons" and will, pursuant to Rule 919 of the Listing Manual and Paragraph 5.2(b) of the Property Funds Appendix, abstain, and procure that their associates abstain, from voting on Resolutions 1, 2 and 4. Temasek, through its interests in Fullerton and its other subsidiaries and associated companies, has a deemed interest in 1,113,792,065 MCT Units, which comprises 33.51% of the total number of MCT Units in issue. 31

E. IFA Opinion and Directors' Recommendations

Based upon, and having considered, among others, the factors described in the MCT IFA Letter and the information that has been made available to the MCT IFA as at the Latest Practicable Date, the MCT IFA is of the opinion that as at the Latest Practicable Date:

- ✓ The Scheme Consideration is **FAIRLY VALUED** and the Merger (including the proposed issuance of Consideration Units) and the MCT Trust Deed Amendments are on **NORMAL** commercial terms and **NOT PREJUDICIAL** to the interests of MCT and its minority unitholders; and
- ✓ The financial terms of the Merger (that is the subject of the Whitewash Resolution) and the Whitewash Resolution are **FAIR AND REASONABLE**.

Accordingly, the MCT IFA advises the Audit and Risk Committee of the MCT Manager and the MCT Independent Directors to recommend that the independent MCT Unitholders:

- ✓ **VOTE IN FAVOUR** of the **Proposed Merger** and the **Whitewash Resolution**

- ✓ **VOTE IN FAVOUR** of the **MCT Trust Deed Amendments**

Market Outlook: Singapore

One of the world's key global trade, logistics and financial hubs

- Underpinned by world-class infrastructure, a stable and efficient government and a competitive tax environment
- Strong economic fundamentals provide vital foundation for the continued performance of retail, office and business park sectors

GDP Growth

- +7.6% y-o-y growth in real GDP in 2021
- Forecasted to grow between 3% to 5% in 2022

Retail sales expected to gradually return to pre-COVID levels by end-2023 in tandem with easing restrictions

- Uncertainties remain due to evolving nature of COVID-19 and e-commerce
- Well-positioned malls with a complete range of retail and experiential offerings will continue to stay relevant and benefit from the tourism and retail recovery

Office rents projected to improve over the next five years amid limited new supply and strong economic and business fundamentals

- Despite rise of permanent work from home and hybrid work arrangements, offices will remain relevant
- In particular, for growth sectors such as finance, technology and business services, where face to face interactions and relationship building will remain key

Business parks located in the Rest of Central Region enjoy rental premiums and expected to continue to do well

- Increasingly attractive for large corporate occupiers interested in consolidating their regional headquarters, R&D and industrial activities in a single location
- Strong occupier interest amidst sustained growth in the technology, pharmaceutical and health sectors
- MBC, located in the Rest of Central Region, will continue to benefit from the decentralisation trend given its prime positioning and location, Grade A building specifications, campus-style environment and proximity to amenities

World's second largest economy and the only major economy to post GDP growth in 2020

- Underpinned and driven by the output of its Tier 1 cities including Beijing and Shanghai, that are frequently chosen by large domestic companies and multinationals as locations to establish a foothold and grow
- Government announced measures in 2021 to achieve common prosperity by narrowing the wealth gap and promoting economic rebalancing and long-term sustainability

GDP Growth

- GDP growth rate of 8.1% in 2021
- GDP growth target for 2022 is expected to be 5.1%

Beijing's Lufthansa Grade A office market expected to recover by early 2023

- Domestic insurance, wealth management and media companies, and international tenants in the financial services and media sector will form bulk of leasing demand in Lufthansa
- For markets such as Lufthansa, which are nearer to the CBD area where high levels of new supply exist, rents are expected to remain stable in the near-term and will likely rise in late 2022 or early 2023

Vacancy rates in Lufthansa are expected to dip below 10% by 2025

- Given the limited new office supply level in Lufthansa over the next five years and the gradual absorption of demand
- Lufthansa's vacancy rate expected to remain lower than average office vacancy rates in Beijing, in line with the office district's positioning as a popular district for international and domestic occupiers

Strong demand from IT and biomedical sectors to outstrip supply and drive rental growth at Zhangjiang Science City

- Zhangjiang consistently records lower than average vacancy rates
- Further rental growth for the six key business parks in Shanghai, including Zhangjiang, is expected for the next five years
- Zhangjiang is an innovation hub within the Pudong Free Trade Zone and a beneficiary of the decentralisation trend

Limited impact from working from home in China

- Higher preference to work from the office given smaller flats and extended families often living together
- Stronger cultural ties to the office and having visibility to the employer
- Offices are expected to continue to remain relevant and important

Continued importance as gateway between mainland China and the world as economy recovers

- Pivotal role in serving as a gateway connecting Mainland China with international markets
- **3rd** place in the Global Financial Centres Index 30 Report (moved up one position in 2021)
- Conducive business environment, well-developed infrastructure and international communication network makes it an attractive location for doing business in Asia

GDP Growth

- Substantial recovery through much of 2021
- 2021 recorded GDP growth of 6.4%, beating previous expectations of 5.4% after prior decline

Retail market and consumer sentiments expected to improve and gather pace once cross-border travel resumes

- Retail sales have bottomed out and recorded growth of +8.1% y-o-y in 2021
- Driven by strong growth in apparel, luxury goods and electronic goods and a low base effect, supplemented by the local Government's Consumption Voucher Scheme
- Shopping mall landlords enhance their retail mix by offering more experiential and F&B brands which provide experiences that cannot be replicated online
- While the impact of the pandemic will continue to weigh on the retail sector in 2022, market sentiments are expected to gradually improve, although the outbreak of Omicron in Q1 is likely to impact upon the market for the first half of the year. A return to pre-pandemic levels will depend primarily upon borders reopening and also on how Hong Kong SAR and Mainland China shift from their current "Zero-COVID" strategies.
- Malls well-connected to transportation nodes and with established consumer base are expected to remain popular among shoppers and be preferred choice locations among retailers

Leasing demand expected to improve and rents in Kowloon East expected to remain stable

- With recovery of business sentiment and domestic economy, leasing demand is returning
- Hopes for border re-opening, improved demand from China corporates and the cross-boundary Wealth Management Connect Scheme should benefit the long-term office leasing demand
- Rents expected to remain stable and incrementally pick up in Kowloon East, once the new supply is gradually absorbed
- Better quality buildings or those well-located buildings near to major transportation nodes will be more resilient as staff retention becomes ever more important
- While many companies have now permanently adopted flexible work from home policies, most staff still prefer to work from the office, often due to the limited size of apartments and lack of suitable workspace at home

World's third largest economy supported by strong core industries

- World's **3rd** largest economy and has one of the **most developed office markets** in terms of transaction volumes and existing stock in the Asia Pacific
- Manufacturing sector is the largest core industry and a key driver of economic recovery
- Government policies to promote digitalisation and improve productivity in other industries are expected to further enhance growth
- New policies focused on increasing middle-class incomes as a means to get the economy back on track

GDP Growth

- Consumer spending likely to increase as pandemic subsidies and economic activity resumes
- Economy is expected to grow 3.1% y-o-y in 2022

Resilient demand expected for offices in decentralised and suburban areas given relatively low new supply and rental cost differentials compared to Tokyo 5 wards

- Tokyo 5 wards expected to maintain its crown as a central location for company headquarters for many Japanese firms
- Lower rents in peripheral areas, including Tokyo 18 wards, Yokohama and Chiba, where the Japan Properties are located, will particularly attract occupiers seeking to reduce costs
- Demand expected to recover as pandemic countermeasures are gradually eased, and businesses return to growth
- Future new supply volume is modest in Tokyo 18 wards, with rents expected to be resilient over the next five years
- Rental performance in the rest of Yokohama, where ABAS Shin-Yokohama building is located, is expected to be stable
- With no significant new office supply in the pipeline for the next five years, we expect vacancies and rents in Chiba not to move out of this historically narrow range

Growing popularity of satellite offices located in peripheral areas outside of Tokyo 5 wards

- Housing conditions in Japan do not afford many workers a suitable work from home environment
- Office attendance should increase and the office is still considered as a key point of collaboration and innovation for companies
- Demand for workplaces closer to home, which has led to companies opening satellite offices
- Several companies have set up satellite offices in the suburbs since 2019, dispersing the demand for space previously concentrated in the city centre
- Looking forward, satellite offices located in peripheral areas outside of Tokyo 5 wards will likely become even more popular

Resilient economy through COVID-19; good recovery momentum expected

- 10th largest global economy and the 4th largest in Asia by GDP
- Advanced two places in the global economic ranks from 2019 despite COVID-19
- Economy remained relatively resilient and contracted to a lesser extent compared to other countries
- First major Asian economy to raise interest rates since the pandemic began, an indication of its economic recovery

GDP Growth

- The economy recovered from its pandemic-induced drop in 2020
- 4.0% increase y-o-y in 2021
- Economy is expected to remain robust in 2022 (3.0%) and 2023 (2.7%)

Gangnam Business District office sector continues to outperform given strong demand from tech companies

- Demand in South Korea's Grade A office market showed strong growth in 2021 despite the uncertainty caused by COVID-19
- Vacancy rates decreased in all major districts, supported by high-growth tech companies that are still performing well despite COVID-19
- While the financial industry has the largest share of occupied space in the Grade A office market (>30% of total), big tech companies, such as Naver, Kakao, and fintech companies have been expanding quickly and the tech sector may soon overtake the traditional finance sector as the biggest office demand driver
- With rapid growth in their online business and strong financial backing, tech companies are emerging as big players with increasing importance in the office sector, especially in the GBD

No new supply in GBD with record low vacancies

- Grade A office supply, which peaked in 2020, is decreasing
- Market expected to stabilise and rents to increase
- No new supply scheduled in GBD, and office rent will continue to outperform other sub markets
- Vacancy in Grade A offices in the GBD area reached a record low in 2021 since 2017, and is expected to stay low
- Effective rents are expected to continue to increase due to attractive market dynamics and built-in rental escalations, which are common among the leases in the office districts
- GBD, supported by the expanding technology sector, is expected to enjoy higher growth due to limited supply

Notes:

- This amount is an estimate and may differ from the actual Total Transaction Outlay.
- Sources of funds assumes a gross exchange ratio of 0.5963x, assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration. The Scheme Consideration assumes (i) S\$18.1 million of acquisition debt drawn down to fund the Transaction Costs of the Merger; and (ii) 2,110.6 million Consideration Units issued at the Scheme Issue Price of S\$2.0039 per unit, being the 1-day VWAP of MCT Units as of 27 December 2021, in satisfaction of the Scrip-Only Consideration.
- Sources of funds assumes a gross exchange ratio of 0.5963x with Cash Consideration of 16.0% implying a net exchange ratio of 0.5009x to MNACT Unitholders except MIPL, where MIPL elects to receive Scrip-Only Consideration and assuming MNACT Unitholders except MIPL elect to receive the Cash-and-Scrip Consideration. The Scheme Consideration assumes (i) additional S\$237.9 million of acquisition debt drawn down and S\$200.0 million of perpetual securities issued to fund the Cash Consideration and Transaction Costs of the Merger; and (ii) 1,902.5 million Consideration Units issued at the Scheme Issue Price of S\$2.0039 per unit, being the 1-day VWAP of MCT Units as of 27 December 2021, in satisfaction of the scrip component of the Scheme Consideration.
- Sources of funds assumes a gross exchange ratio of 0.5963x to MNACT Unitholders except MIPL, where MIPL elects to receive Scrip-Only Consideration and assuming MNACT Unitholders except MIPL elect to receive the Cash-Only Consideration. The Scheme Consideration assumes (i) additional S\$237.9 million of acquisition debt drawn down and S\$200.0 million of perpetual securities issued to fund the Cash Consideration and Transaction Costs of the Merger; and (ii) 809.3 million Consideration Units and 1,093.1 million MCT Units issued through the Preferential Offering at the Scheme Issue Price of S\$2.0039 per unit, being the 1-day VWAP of MCT Units as of 27 December 2021, in satisfaction of the scrip and cash component of the Scheme Consideration respectively.
- Uses of funds is derived based on the total number of 3,539,565,884 MNACT Units in issue at the Effective Date which includes 3,527,974,156 MNACT Units as at the Latest Practicable Date and assumes up to 11,591,728 MNACT Fee Units are issued to the MNACT Manager and MNAPML (in its capacity as property manager of the MNACT Properties) between the Latest Practicable Date and up to an assumed Effective Date of 31 August 2022, at a Scheme Consideration of S\$1.1949 per MNACT unit; and transaction costs of S\$18.1 million assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration and S\$20.6 million assuming MNACT Unitholders except MIPL elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration.
- MCT has in place a Binding Commitment Letter to fund the full cash component of the total transaction outlay if the funding from the perpetual securities is not duly completed.

Pro forma DPU – Sensitivity for FY21/22

The MCT Manager wishes to set out below the possible impact on the Merged Entity’s pro forma DPU due to changes in the Merged Entity’s financing costs. For a 50 basis points increase in the all-in cost of debt per annum and coupon of the perpetual securities per annum, and assuming all other conditions remain constant, the impact to DPU due to financing costs movement, which has been mitigated by the interest rate hedges put in place as part of the MCT Manager’s and the MNACT Manager’s risk management strategies, is as set out below:

I. Appendix III: MPACT Post-Merger Strategy

“4R” Asset and Capital Management Strategy

Recharge

- Drive NPI and DPU growth by incorporating best practices to maximise operational performance
- Optimise tenant mix and pursue active asset management, accretive asset enhancement and redevelopment opportunities

Reconstitute

- Optimise portfolio by pursuing selective strategic divestments at an opportune time
- Redeploy capital into higher yielding quality properties or other asset enhancement and redevelopment opportunities to drive returns

Refocus

- Pursue accretive strategic acquisitions and participate in strategic developments, leveraging the local market expertise of “on-the-ground” teams as well as the Sponsor’s strong Asia network and extensive pipeline
- Focus on adding office and office-like business park assets anchored by tenants in high growth sectors, including tech-enabled and biomedical tenants, to its portfolio
- Key markets for growth include: South Korea, Singapore and select cities in China

Resilience

- Adopts a comprehensive capital management strategy to maintain a strong balance sheet, maximise liquidity and minimise risk
- Employ appropriate capital structure while optimising cost of debt
- Secure access to diversified funding sources across financial institutions and capital markets
- Appropriate hedging strategies to manage interest rate and forex exposure

MPACT will embark on a proactive and tailored strategy to realise benefits from the Merger

Drive NPI and DPU growth through cross-pollination of teams and active asset management while capitalising on market recovery

Unlock value through selective strategic divestments at an opportune time

Focus on accretive acquisitions of office and office-like business park assets in key gateway cities, anchored by tenants in high growth sectors and leveraging on the enlarged balance sheet and enhanced financial flexibility

Singapore Core and Stability

Market View

- Retail sales expected to gradually return to pre-COVID levels by end-2023 in tandem with easing restrictions
- Market dynamics conducive to recovery and demand for good quality decentralised offices and business parks expected to remain resilient

Asset Level View

5 Singapore assets

- VivoCity and Mapletree Business City (“MBC”) are located in the Greater Southern Waterfront precinct and are considered to be best-in-class assets
- Stable cash flows from a well-diversified portfolio of best-in-class assets supported by high quality tenants
- Focus remains to maintain a healthy portfolio occupancy and sustainable rental income

Post Merger Strategy

- **Singapore will remain a core market to provide underlying portfolio stability**
- **Potential to acquire right of first refusal (“ROFR”) assets from Sponsor to entrench market leadership position in the attractive Greater Southern Waterfront precinct**

Hong Kong SAR Recovery

Market View

- One of the world's largest real estate markets with high levels of global investor demand
- Despite the size of the market, it remains rare for quality assets of scale to come to market
- Renewal of land leases for a nominal annual fee is standard market practice for property valuations in Hong Kong SAR
- A significant proportion of land leases in Hong Kong SAR are due to expire in mid-2047, including over 30,000 land leases in the New Territories which are expiring on 30 June 2047. The Lands Department has extended most non-renewable leases since the policy was first promulgated in July 1997¹. Although Festival Walk's lease is a non-renewable lease, there are no exceptional circumstances to expect that the lease will not be renewed (except as in the case of the site being required for a public purpose or a serious breach of the lease)
- Moving forward, while the impact of COVID-19 will continue to weigh on the performance of the retail sector, especially in the first half of the year with the current Omicron outbreak, the MCT Manager expects the retail market and shopper sentiments to recover gradually, especially as the current restrictions are gradually relaxed from 21 April 2022 onwards

Asset Level View

Festival Walk

- Highly regarded and popular among local consumers, particularly within the residential catchment around Festival Walk
- Performance reached peak levels in FY18/19, but has been affected by COVID-19 and social incidents since then. Focus on recharging asset to realise its maximum potential
- Any potential reopening of borders is expected to have positive impact on footfall and sales, driving rental improvements
- Gross capitalisation rate of 4.15% (as at 31 March 2022) is within the market range of 3.1% - 4.8%² for Hong Kong SAR retail properties

Post Merger Strategy

- **To focus on putting Festival Walk back on track towards its pre-COVID and pre-social incidents levels before considering further expansion in Hong Kong SAR**
- **Stabilise and improve Festival Walk by driving positive rental reversions, maintaining high occupancy, and enhancing attractiveness of the mall**
- **Unlikely to increase retail and office exposure without exceptional catalysts**

China

Harvest and Grow

Market View

- One of the world's fastest growing economies underpinned by the new "dual circulation" development strategy
- China's commitment to high quality growth and development, encouraging innovation and digitalisation, is expected to drive demand from sectors such as technology, media and telecommunications (TMT), finance and business services
- Grade A office market in Lufthansa¹ is expected to recover by early 2023, supported by steady demand from key business sectors
- Zhangjiang Science City², an innovation hub in Pudong, Shanghai, is expected to ride on growing IT and biomedical sectors, where demand is expected to outstrip supply and drive rental growth
- Further development of the China REIT sector will deepen liquidity of the real estate market

Asset Level View

Gateway Plaza (Beijing)

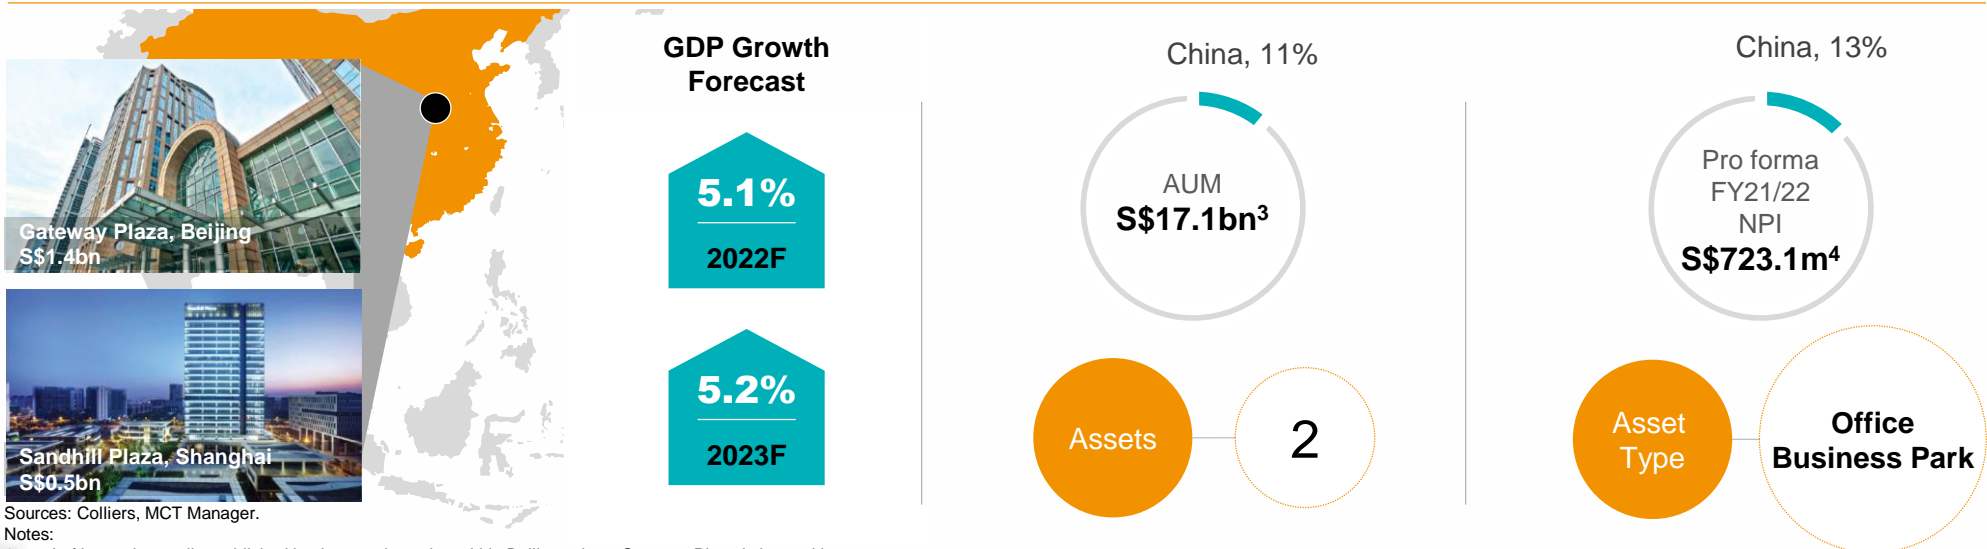

- High quality Grade A office building
- High quality international tenants and good tenancy profile
- High occupancy rate vs average occupancy rate of Beijing offices; over the next few years, tenants in the financial services and media sector are expected to form the bulk of leasing demand

Sandhill Plaza (Shanghai)

- Stable asset with a strong tenant base and consistent performance
- Expected to benefit from China's push to achieve technology self-sufficiency, especially in industries such as semiconductors and biomedical

Post-Merger Strategy

- **Maintain high occupancy levels through further diversifying its current tenant base and enhancing its leasing strategy**
- **Review assets in the context of the enlarged portfolio**
- **Merged Entity will continue to leverage on local expertise to seek opportunistic acquisitions in office and office-like business park assets, anchored by tenants in high growth sectors**

Sources: Colliers, MCT Manager.

Notes:

1. Lufthansa is a well-established business sub-market within Beijing, where Gateway Plaza is located in.
2. Zhangjiang Science City is a key business park and innovation hub in Pudong, Shanghai, where Sandhill Plaza is located in.
3. AUM is based on the sum of MCT and MNACT's latest available independent valuations. MCT and MNACT's AUM as at 31 March 2022.

Market View

- Resilient demand expected for offices in decentralised and suburban areas given relatively low new supply and rental cost differentials compared to Tokyo 5 wards
- Demand expected to recover as pandemic countermeasures are gradually eased, and businesses return to growth
- Growing popularity of satellite offices located in peripheral areas outside of Tokyo 5 wards

Asset Level View

9 Japan Properties

- Comprises mainly decentralised offices that are expected to maintain resilient demand and high occupancy in a stable market
- Attractive real estate market with favourable spread between asset yields and cost of funds
- Post-Merger, Japan office assets become a relatively small segment of the merged portfolio, allowing MPACT to rebalance the Japan component and capitalise on opportunities to recycle capital

Post Merger Strategy

- **Provides lower cost of funding for the Merged Entity and act as a hedge against volatility**
- **Endeavour to maintain performance of the Japan properties before making selective strategic divestments at an opportune time**

South Korea

Step-up and Grow

Market View

- South Korea's Grade A office sector has shown strong growth in 2021 despite the uncertainty caused by COVID-19
- Gangnam Business District¹ ("GBD") is a strong performing submarket, supported by high-growth tech companies that are still performing well despite COVID-19
- Office rental rates in GBD are expected to continue to outperform other submarkets
- South Korea is one of the few developed Asian markets with attractive built-in rental escalations

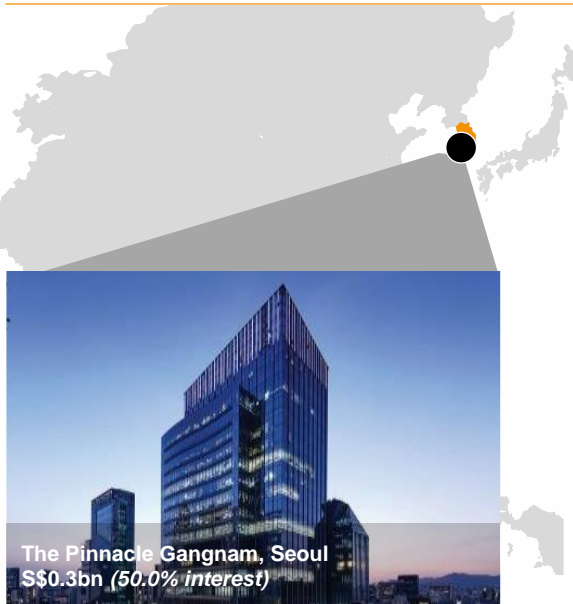

Asset Level View

The Pinnacle Gangnam²

- Expected to continue to benefit from the positive rental reversions
- High proportion of leases with built-in annual rent escalations
- Strong leasing demand for expansion and relocation from high-growth IT, pharmaceutical and medical sectors

Post Merger Strategy

- **Given South Korea's favourable market dynamics, the market remains primed for targeted expansion which the MCT Manager will focus on**
- **Will identify and pursue acquisitions of prime office assets, including the remaining stake in The Pinnacle Gangnam², with the aim of benefitting particularly from growth sectors**
