A. Revision of Trust Scheme and Inclusion of Alternative Cash-Only Consideration

MNACT Unitholders Now Have 3 Scheme Consideration Options

At MNACT Manager's request, MCT Manager has included alternative Cash-Only Consideration with Sponsor's support

Scheme Consideration Options

Scheme Consideration of **S\$1.1949²** for all three options is in line with MNACT's NAV³ per Unit, and implies a **1.0X P/NAV** for MNACT

Notes: Unitholders shall be entitled to receive and retain any permitted distributions declared by the respective managers in the ordinary course of business in respect of the period from 1 April 2021 or 1 October 2021, as the case may be, up to the day immediately before the date on which the Trust Scheme becomes effective in accordance with its terms ("Effective Date").

- Pursuant to the revised Trust Scheme, the Cash-Only Consideration will be the default form of the Scheme Consideration. MNACT Unitholders who do not make any election or fail to make a valid election for the Scrip-Only Consideration, Cash-and-Scrip Consideration or Cash-Only Consideration shall be deemed to have elected to receive the Cash-Only Consideration if the Trust Scheme becomes effective in accordance with its terms.
- The implied value of the Scrip-Only Consideration and the implied value of the Cash-and-Scrip Consideration of S\$1.1949 is computed by multiplying the illustrative value of one new MCT Unit at the issue price of S\$2.0039, which is determined by reference to the 1-day VWAP per MCT Unit as at 27 December 2021 (i) by 0.5963x under the Scrip-Only Consideration or (ii) by 0.5009x, plus the cash consideration of S\$0.1912 under the Cash-and-Scrip Consideration. The Scheme Issue Price of S\$2.0039 per Consideration Unit may not be equivalent to the market price of, nor reflective of the fair value of, the Consideration Units at the Effective Date and/or the settlement date of the Trust Scheme. Each Consideration Unit may, depending on changing market conditions and sentiments, trade above or below the Scheme Issue Price of each Consideration Unit of S\$2.0039.
- For the purposes of this presentation, unless otherwise stated, all references to Net Asset Value ("NAV") of MNACT is based on MNACT's NAV per unit as at 30 September 2021 and applying the following adjustments: (i) excludes MNACT's reported 1H FY21/22 DPU of 3.426 Singapore cents paid on 24 December 2021; and (ii) assumes that the full valuation of MNACT's investment properties and joint venture held as at 30 September 2021 is based on valuation as at 31 October 2021 as announced on 31 December 2021.

Rationale for Inclusion of Alternative Cash-Only Consideration

1 Scrip-Only Consideration	2 Cash-and-Scrip Consideration	3 Cash-Only Consideration
<p style="text-align: center;">Scheme Issue Price per Consideration Unit</p> <p style="text-align: center;">S\$2.0039</p> <p style="text-align: center;"><i>Based on 1-day VWAP per MCT Unit as at 27 December 2021, which is the last trading day immediately prior to 31 December 2021</i></p> <p><i>MNACT Unitholders should note that under the Scrip-Only Consideration or the Cash-and-Scrip Consideration, the Scheme Issue Price of S\$2.0039 per Consideration Unit may not be equivalent to the market price of, nor reflective of the fair value of, the Consideration Units at the Effective Date and/or the settlement date of the Trust Scheme. Each Consideration Unit may, depending on changing market conditions and sentiments, trade above or below the Scheme Issue Price of each Consideration Unit of S\$2.0039.</i></p>		<p style="text-align: center;">Issue Price per Preferential Offering Unit¹</p> <p style="text-align: center;">S\$2.0039</p> <p style="text-align: center;"><i>Sponsor has undertaken to subscribe for the Maximum Preferential Offering Units² of up to S\$2.2 billion at the issue price of S\$2.0039 to fund the additional cash requirement for the inclusion of the Cash-Only Consideration</i></p>

 **Commitment to original terms of the Trust Scheme based on a Scheme Issue Price of S\$2.0039 per Consideration Unit and Scheme Consideration of S\$1.1949 per MNACT Unit**

 **Pro forma financial effects of the Merger remain intact as compared to the original terms of the Trust Scheme**

 **Provides MNACT Unitholders with greater flexibility in choosing to (i) stay invested in the Merged Entity; or (ii) fully realise their investment**

 **Safeguards the interests of MCT Unitholders as Merger remains DPU and NAV accretive**

Notes:

1. To fund the increase in the cash requirement under the revised Trust Scheme, the MCT Manager has today issued an announcement (the "MCT Preferential Offering Announcement") that it will undertake a pro-rata non-renounceable preferential offering of up to 1,094 million MCT Units to MCT Unitholders (the "Preferential Offering") at an issue price of S\$2.0039 per MCT Unit (the "Preferential Offering Unit"), which is the same as the Scheme Issue Price of each Consideration Unit, to raise gross proceeds of up to S\$2.2 billion.
2. In support of the Merger, MIPL has today also executed an irrevocable undertaking (the "MIPL Undertaking") in favour of the MCT Trustee, the MCT Manager and DBS Bank Ltd. (as the sole financial adviser to the MCT Manager in relation to the Merger) that subject to and conditional upon the Revised Whitewash Resolution being approved by the MCT Unitholders, and subject to any prohibitions or restrictions imposed by the relevant regulatory authorities (including the SGX-ST), it will procure and ensure that one or more of the relevant MIPL Entities to accept and subscribe for the maximum number of Preferential Offering Units offered under the Preferential Offering (the "Maximum Preferential Offering Units"), and pay in full the consideration payable for the Maximum Preferential Offering Units in accordance with the terms and conditions of the Preferential Offering.

MIPL, the Sponsor of MCT and MNACT, has undertaken to subscribe for the Maximum Preferential Offering Units of up to S\$2.2 billion in support of the Merger (“MIPL Undertaking”)

Amount¹ and Use of Proceeds	Up to S\$2.2 billion to finance the additional cash requirement arising from the introduction of the alternative Cash-Only Consideration
Issue Price Under the Preferential Offering	S\$2.0039 (based on the same Scheme Issue Price, which is equivalent to the 1-day VWAP per MCT Unit as at 27 December 2021)
Maximum Preferential Offering Units	Up to 1,094 million
Application Period for MCT Unitholders	Expected to take place by end-July 2022, after the election period for Scheme Consideration by MNACT Unitholders
Voluntary Lock-up by Sponsor	Sponsor has agreed to a voluntary 6-month lock-up of the unitholdings ² of the MIPL Entities in the Merged Entity following the completion of the Trust Scheme or the Preferential Offering (whichever is earlier)
Conditions of the Preferential Offering	<ul style="list-style-type: none"> • The approval of the requisite resolutions in relation to the Merger by the MCT Unitholders and the MNACT Unitholders • The approval of the Revised Whitewash Resolution by the MCT Unitholders³ • The SGX-ST's approval-in-principle for the listing and quotation of the Preferential Offering Units • The elections for the Scheme Consideration made by the MNACT Unitholders in relation to the Trust Scheme results in the cash component payable by MCT exceeding S\$417.3 million in aggregate • The sanction of the Trust Scheme by the Court

Notes: For further information, please refer to the 21 March 2022 Joint Announcement, Paragraph 2.2, and the 21 March 2022 MCT Announcement, Paragraph 5.

1. Whether the Preferential Offering will be undertaken, as well as the size of the Preferential Offering, will be determined based on the results of the election by MNACT Unitholders for the different forms of the Scheme Consideration pursuant to the Trust Scheme.
2. Assuming that (I) all MNACT Unitholders (excluding the MIPL Entities) elect to receive the Cash-Only Consideration pursuant to the Trust Scheme, (II) the Preferential Offering is not taken up by any other MCT Unitholder and (III) the MIPL Entities would be required to subscribe for the Maximum Preferential Offering Units for an aggregate subscription consideration of S\$2.2 billion (which is equivalent to the maximum size of the Preferential Offering announced by the MCT Manager), the MIPL Entities would in aggregate hold 57.09% of the total MCT Units in issue immediately after the completion of the Trust Scheme and the Preferential Offering. This figure does not take into consideration any fees that may be payable in MCT Units or MNACT Units to the MCT Manager, the MNACT Manager or MNAPML (in its capacity as property manager of the MNACT Properties) prior to the record date of the Trust Scheme (the “Record Date”) and the record date of the Preferential Offering (the “Preferential Offering Record Date”).
3. On 18 March 2022, the SIC confirmed that each of the existing Whitewash Waiver and the Whitewash Resolution may be extended to include the waiver of the mandatory offer obligation which would arise from the MIPL Entities' acquisition of the Preferential Offering Units (such expanded Whitewash Waiver and the Whitewash Resolution, the “Revised Whitewash Waiver” and the “Revised Whitewash Resolution” respectively).

Pro Forma Financial Effects Remain Intact Compared to the Original Terms of the Trust Scheme

MIPL Undertaking will satisfy additional cash requirement for Cash-Only Consideration No change in aggregate leverage of MCT and Merged Entity

	Before Merger	1 Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration ¹	2 Assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip Consideration ²	3 Assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-Only Consideration ³

Same pro forma financial effects

Notes: For further information, please refer to the 21 March 2022 MCT Announcement, Paragraph 9.

- Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Scheme Consideration is assumed to comprise: (i) S\$18.1 million of acquisition debt drawn down to fund the transaction costs of the Merger; and (ii) 2,080.4 million Consideration Units issued at the Scheme Issue Price of S\$2.0039 per unit.
- Assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip Consideration, the Scheme Consideration is assumed to comprise: (i) additional S\$233.3 million of acquisition debt was drawn down and S\$200.0 million of perpetual securities were issued to fund the Cash Consideration and the transaction costs; and (ii) 1,874.4 million Consideration Units issued at the Scheme Issue Price of S\$2.0039 per unit.
- Assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-Only Consideration, the Scheme Consideration assumes (i) additional S\$233.3 million of acquisition debt drawn down and S\$200.0 million of perpetual securities issued to fund the Cash Consideration and transaction costs of the Merger; and (ii) 793.3 million Consideration Units and 1,081.1 million Preferential Offering Units at the Scheme Issue Price of S\$2.0039 per unit.
- Depending on the final form of Scheme Consideration elected by MNACT Unitholders. The MCT Manager made capital allowance claims and retained capital distribution totalling S\$43.7 million in FY19/20 to conserve liquidity in view of the uncertainty due to the COVID-19 pandemic. Of this, S\$28.0 million was released to MCT Unitholders in FY20/21. Assuming the balance retained cash of S\$15.7 million was released to MCT Unitholders in FY21/22, the amount distributed in the half-year ended 30 September 2021 would have been S\$7.9 million and MCT's 1H FY21/22 DPU before Merger would have been 4.65 Singapore cents. Further assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Merged Entity's pro forma 1H FY21/22 DPU is 4.83 Singapore cents and the pro forma 1H FY21/22 DPU accretion is 3.9%. Alternatively, further assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip or Cash-Only Consideration, the Merged Entity's pro forma 1H FY21/22 DPU is 4.90 Singapore cents and the pro forma 1H FY21/22 DPU accretion is 5.4%.
- Excludes MCT's reported 1H FY21/22 DPU of 4.39 Singapore cents.
- Depending on the final form of Scheme Consideration elected by MNACT Unitholders. The MCT Manager made capital allowance claims and retained capital distribution totalling S\$43.7 million in FY19/20 to conserve liquidity in view of the uncertainty due to the COVID-19 pandemic. Of this, S\$28.0 million was released to MCT Unitholders in FY20/21. Assuming the balance retained cash of S\$15.7 million was released to MCT Unitholders in FY21/22, the amount distributed in the half-year ended 30 September 2021 would have been S\$7.9 million and MCT's pro forma NAV per Unit (ex-distribution) as at 30 September 2021 before Merger would have been S\$1.67. Further assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Merged Entity's pro forma NAV per Unit (ex-distribution) as at 30 September 2021 is S\$1.80 and the pro forma NAV accretion as at 30 September 2021 is 7.8%. Alternatively, further assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip or Cash-Only Consideration, the Merged Entity's pro forma NAV per Unit (ex-distribution) as at 30 September 2021 is S\$1.79 and the pro forma NAV accretion as at 30 September 2021 is 7.2%.
- Based on gross borrowings.

MIPL, as Sponsor of MCT and MNACT, demonstrates its conviction and support for the Merger and the Trust Scheme as well as its confidence in the long term value and articulated strategy of the Merged Entity

1

Sponsor has undertaken to subscribe for the Maximum Preferential Offering Units of up to S\$2.2 billion at the issue price of S\$2.0039¹ per MCT Unit to be used to finance the additional cash requirement of the alternative Cash-Only Consideration option

2

Sponsor's undertaking to receive 100% Scrip-Only Consideration remains unchanged

3

Sponsor has agreed to a voluntary 6-month lock-up of its unitholdings in the Merged Entity²
Sponsor's resultant stake in MPACT could range from 34.75%³ to 57.09%⁴, representing its conviction in the Merged Entity

4

Sponsor continues to support the MCT Manager's agreement to waive its acquisition fee entitlement

5

Sponsor supports the adoption of REIT management fee structure pegged to distributable income and DPU growth, which will promote closer alignment of interests with unitholders

Notes:

1. The issue price of S\$2.0039 per MCT Unit under the Preferential Offering is the same as the Scheme Issue Price of each Consideration Unit of S\$2.0039 (being the 1-day VWAP per MCT Unit as at the last trading day immediately prior to 31 December 2021).
2. The lock-up period commences from the earlier of the date of completion of the Trust Scheme and the date of completion of the Preferential Offering (the "Relevant Date") until the date falling six (6) months after the Relevant Date.
3. Based on an aggregate of 5,427,244,574 units in the Merged Entity, assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration. This figure does not take into consideration any fees that may be payable in MCT Units or MNACT Units to the MCT Manager, the MNACT Manager or MNAPML (in its capacity as property manager of the MNACT Properties) prior to the Record Date.
4. Based on an aggregate of 5,218,993,868 units in the Merged Entity, assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-Only Consideration and MIPL Entities fulfil their Excess Commitment in full. This figure does not take into consideration any fees that may be payable in MCT Units or MNACT Units to the MCT Manager, the MNACT Manager or MNAPML (in its capacity as property manager of the MNACT Properties) prior to the Preferential Offering Record Date.

Resolution on New Management Fee Structure to be Tabled and Considered Independently of the Merits of the Merger

Annualised based on the 6-month period ended 30 September 2021	MCT (based on MCT's current fee structure)	MPACT Pro forma basis	
		Assuming MPACT continues to apply MCT's current fee structure	Based on the proposed new fee structure
Manager's base fee (S\$m)	22.3	43.4	53.8 ¹ – 55.1 ²
Manager's performance fee (S\$m)	15.2	28.4	13.2 ² – 14.6 ¹
Total (S\$m)	37.4	71.8	68.2² – 68.3¹
Total assets (S\$m)	8,904.7	17,366.6	17,366.6
Total management fee as a % of total assets	0.42%	0.41%	0.39%

Proposed new management fee structure results in **lower management fees** in the Merged Entity as a percentage of total assets. This is in spite of a Merger that is expected to deliver between **7.5% to 8.9% of accretion to DPU³**

Supports growth of the Merged Entity and promotes **closer alignment of interests** with the unitholders of the Merged Entity

Management fee structure pegged to distributable income and DPU growth first introduced by MNACT in its 2013 IPO and has since been **widely adopted by other S-REITs**

Notes: Some of the figures on the above table may not add up due to rounding differences.

- Assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip Consideration or Cash-Only Consideration.
- Assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration.
- On a pro forma basis and based on 1H FY21/22 Unaudited Financial Statements, depending on the final form of Scheme Consideration elected by MNACT Unitholders. The MCT Manager made capital allowance claims and retained capital distribution totalling S\$43.7 million in FY19/20 to conserve liquidity in view of the uncertainty due to the COVID-19 pandemic. Of this, S\$28.0 million was released to MCT Unitholders in FY20/21. Assuming the balance retained cash of S\$15.7 million was released to MCT Unitholders in FY21/22, the amount distributed in the half-year ended 30 September 2021 would have been S\$7.9 million and MCT's 1H FY21/22 DPU before Merger would have been 4.65 Singapore cents. Further assuming all MNACT Unitholders elect to receive the Scrip-Only Consideration, the Merged Entity's pro forma 1H FY21/22 DPU is 4.83 Singapore cents and the pro forma 1H FY21/22 DPU accretion is 3.9%. Alternatively, further assuming all MNACT Unitholders except MIPL Entities elect to receive the Cash-and-Scrip or Cash-Only Consideration, the Merged Entity's pro forma 1H FY21/22 DPU is 4.90 Singapore cents and the pro forma 1H FY21/22 DPU accretion is 5.4%.

Hong Kong SAR Recovery

Market View

- One of the world's largest real estate markets with high levels of global investor demand
- Despite the size of the market, it remains rare for quality assets of scale to come to market
- Renewal of land leases for a nominal annual fee is standard market practice for property valuations in Hong Kong SAR
- A significant proportion of land leases in Hong Kong SAR are due to expire in mid-2047, including over 30,000 land leases in the New Territories which are expiring on 30 June 2047. The Lands Department has extended most non-renewable leases since the policy was first promulgated in July 1997¹. Although Festival Walk's lease is a non-renewable lease, there are no exceptional circumstances to expect that the lease will not be renewed (except as in the case of the site being required for a public purpose or a serious breach of the lease)
- Moving forward, while the impact of COVID-19 will continue to weigh on the performance of the retail sector, especially if this current Omicron outbreak continues for an extended period, the MCT Manager expects the retail market and shopper sentiments to recover gradually, provided the current restrictions are lifted soon.

Asset Level View

Festival Walk

- Highly regarded and popular among local consumers, particularly within the residential catchment around Festival Walk
- Performance reached peak levels in FY18/19, but has been affected by COVID-19 and social incidents since then. Focus on recharging asset to realise its maximum potential
- Any potential reopening of borders is expected to have positive impact on footfall and sales, driving rental improvements
- Gross capitalisation rate of 4.15% (as of 31 October 2021) is within the market range of 3.1% - 4.8%² for Hong Kong SAR retail properties

Post Merger Strategy

- **To focus on putting Festival Walk back on track towards its pre-COVID and pre-social incidents levels before considering further expansion in Hong Kong SAR**
- **Stabilise and improve Festival Walk by driving positive rental reversions, maintaining high occupancy, and enhancing attractiveness of the mall**
- **Unlikely to increase retail and office exposure without exceptional catalysts**
